Dear Pat,

Thank you for providing for review the *Draft Work Plan, Radiological Survey and Sampling*, Former Hunters Point Naval Shipyard, San Francisco, California ("Work Plan"), February 2018. Attached are EPA's comments on the Work Plan.

In addition, EPA understands that the Navy is also drafting Task Specific Plans for its work on specific parcels, and that the Navy will send the plan for Parcel G for review soon. In anticipation of this forthcoming draft, EPA is also submitting the attached recommendations in advance to inform the development of this draft.

We look forward to working with the Navy to revise the draft Work Plan, to develop Task Specific Plans for individual parcels, and to begin the sampling component of the radiological assessment effort as soon as possible. If you would like to discuss any of these comments, please contact me at 415-972-3005 or chesnutt.john@epa.gov. You may also contact Lily Lee, Remedial Project Manager, on my staff at 415-947-4187 or lee.lily@epa.gov.

Sincerely,

John
